

THERMAL SOLUTIONS FOR NEXT-GEN BATTERY SYSTEMS:

UNIFORM COOLING

THIN AND LIGHTWEIGHT

ELECTRICALLY INSULATED

SCALABLE DESIGN

COST-EFFICIENT

READY FOR SERIAL PRODUCTION

OUR CUSTOM SOLUTIONS ARE SUITABLE FOR INSTALLATION IN:

COMMERCIAL AND HEAVY DUTY ELECTRIC VEHICLES,

ENERGY STORAGE SYSTEMS,

PLUG-IN AND HYBRID ELECTRIC VEHICLES,

DATA CENTER COOLING.

TALUM IZPARILNIKI d.o.o.

Tovarniška cesta 10

2325 Kidričevo

Slovenia, EU

YOUR SOLUTION PARTNER FOR:

Development

3D-modeling

Numerical simulations

Prototyping

Testing

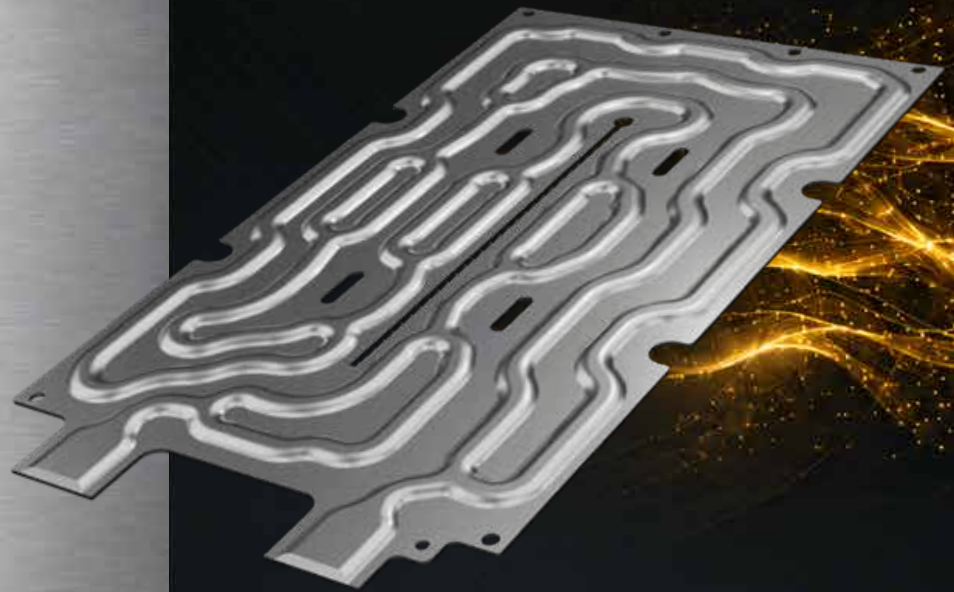

Serial production

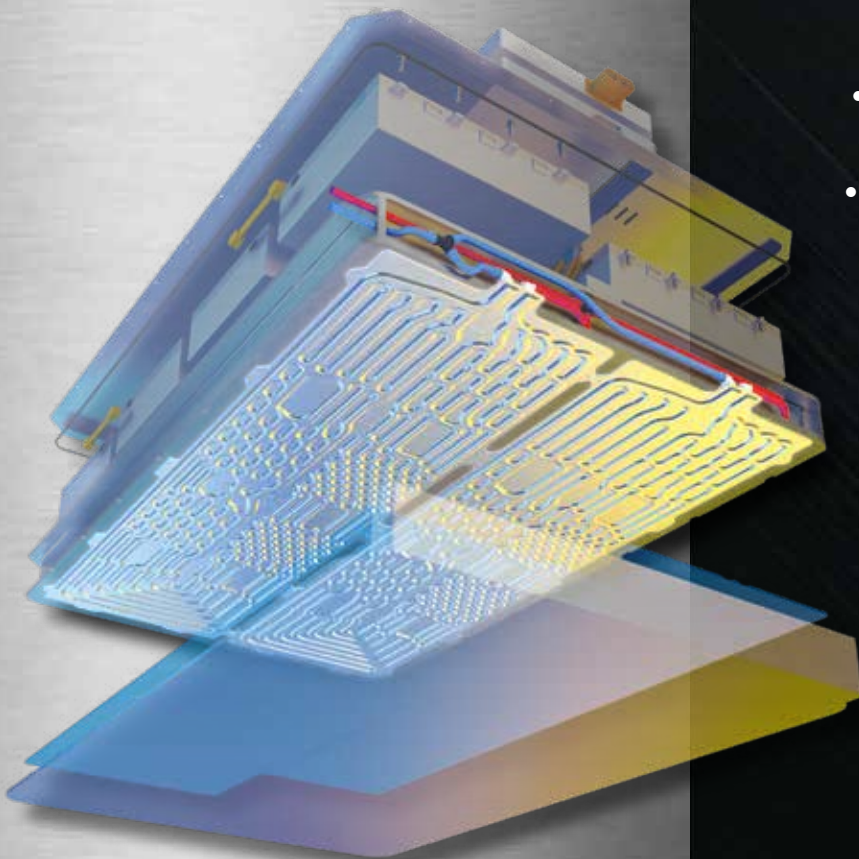

FROM THE IDEA...

- Co-development,
- Rapid prototyping,
- Validation and testing,
- Proactive support and consultation.

...TO INNOVATIVE SOLUTIONS AND SERIAL PRODUCTION.

ROLL-BOND COOLING SOLUTIONS

WHY HEATRAPLATES

- Over 40 years of manufacturing expertise,
 - Custom-engineered cooling solutions,
 - European engineering and production expertise,
 - Fast-track prototyping and development,
 - Tailor-made thermal solutions,
 - Reliable serial production from prototype to volume manufacturing.

Let's **design** your cooling solution **together!**
